

Prime For Life *Drug and Alcohol Education*

Paiute Indian Tribe of Utah

ABOUT OUR PROGRAM:

The Prime for Life program is a **16 hour DUI/alcohol education course** taught by certified instructors. This course is available **for court-ordered and voluntary participants** and is designed to challenge common beliefs and attitudes that directly contribute to high-risk alcohol and drug use.

Our primary goal is to decrease the number of people who struggle with addiction.

Prime for Life's intervention component focuses on self-assessment to help participants understand and accept the need for change. Instructors use a variety of delivery methods to enhance the learning experience, including interactive presentations, workbooks, video media and group and individual activities.

To date, every participant who has registered for the PITU's Prime for Life course has successfully completed the program – we are invested in the participants future sobriety and success. Registration forms can be obtained at the PITU's Tribal Clinic, 440 North Paiute Drive, Cedar City, Utah. All forms of payment are accepted (cash, money orders, debit cards).

Our services are **OPEN** to everyone!
